Market Weighton is a charming market town with a population within a half-mile radius numbering several thousand people. The top two segmentation categories in the area are comfortable communities and affluent achievers, reflecting a well-off and settled local demographic. Situated in the civil parish of East Riding of Yorkshire, Market Weighton is one of the main market towns in the East Yorkshire Wolds. It lies midway between Hull and York, approximately 20 miles from each, making it a convenient stop for travelers and a beloved local spot for residents. The Carpenters Arms, with its prime location and welcoming ambiance, serves as a central hub for the community and visitors alike

Pub Layout

As you step through the entrance of The Carpenters Arms, you're immediately greeted by the inviting atmosphere of a traditional English pub. To your right, the main bar area boasts a long stretch of polished wood adorned with an impressive array of spirits and ales. The soft seating and earthy tones of the decor create a welcoming ambiance. Continuing further into the pub, you'll notice a split trade area. This is where you will find the social drinking area, creating a vibrant atmosphere. Externally, there is a designated smoking area, providing a comfortable space for those who wish to step outside. A recent development has transformed the outdoor space into what could potentially be the best garden in town. The garden is beautifully landscaped with a variety of seating options, offering a perfect spot to enjoy a drink in the fresh air.

TRADING STYLE

The Carpenters Arms has a friendly 'locals' atmosphere and serves a great range of beers, including local and specialized ales. There is a strong focus on the product range to ensure all locals are catered for, making it a favourite gathering spot in the community. The pub also hosts mid-week quiz nights, pool and darts teams, and live artists on weekends, providing a variety of entertainment options that appeal to different interests.
