DESCRIPTION

The Three Merry Lads is an attractive period property complemented by a tasteful, sympathetically designed side extension. Prominently situated on a busy main road in the picturesque village of Cutthorpe, the pub enjoys a prime trading position just three miles from the market town of Chesterfield and on the doorstep of the renowned Peak District National Park. Located close to the heart of the village, with the local cricket ground directly behind the premises, the pub is perfectly positioned to welcome players and spectators seeking refreshments after a match. Surrounded by beautiful countryside, country parks, rivers and the well-known Linacre Reservoirs, The Three Merry Lads attracts not only the loyal local community but also a steady flow of visitors exploring the area.

Pub Layout

The trading area is arranged in a traditional two-room layout, centred around a well-positioned main bar. To the front of the property is a spacious open-plan lounge and dining area, which has been thoughtfully modernised with feature walls, contemporary lighting and soft furnishings. A welcoming open fire creates a warm and relaxing atmosphere, making it an ideal setting to enjoy a drink or meal. This room benefits from its own large bar server, along with a designated dining section towards the front of the pub, furnished with a combination of fixed and loose seating to provide flexibility. To the rear, the second room is currently operated as a traditional tap room. This space offers a more informal setting, complete with a pool table, television and darts oche, together with a separate bar. In addition, the pub features a private first-floor function room with its own bar counter and wooden dancefloor. This versatile space is well-suited to small functions, private parties, training sessions, or business meetings. Supporting the trading areas is a well-equipped commercial catering kitchen with ample preparation and storage space, along with a ground-floor cellar. Externally, the pub benefits from a substantial customer car park, comfortably accommodating approximately 20 vehicles.

TRADING STYLE

The Three Merry Lads currently operates as a traditional village pub, popular with both casual diners and drinkers alike. The business benefits from a strong and well-established base of regular trade throughout the week, with occasional events receiving excellent support from the local community. There is clear scope to further develop the business by enhancing the existing food offering, introducing regular themed dining nights and complementing this with an extended range of cask ales, premium wines and spirits. Such initiatives would broaden the pub's appeal and increase average spend. The versatile two-room layout naturally supports the development of pub sports teams alongside a strong food-led proposition and regular entertainment schedule. In addition, the private first-floor function room presents a valuable opportunity to grow function trade, creating an additional and sustainable income stream through private hire, celebrations, corporate meetings and community events.

BDM VISION

Admiral Taverns is seeking an experienced licensee to run a thriving community pub in a village setting. The ideal licensee(s) will have a strong background in managing community-led pubs and building lasting relationships with local customers. Catering experience would be an advantage, though it is not essential as there is clear potential to expand the food offering, which would be well received by the local community. The successful applicant will be expected to actively support local activities, events and charities, embedding themselves and the pub at the heart of village life. The pub already benefits from an excellent local reputation, and the new licensee should be committed to maintaining and enhancing this, with a clear focus on sustainable growth. A well-executed marketing plan and a strong, consistent rhythm of weekly events will be key to driving footfall and sustaining trade.
