Financial Support

Cash Grants

- Grants of up to £3000 for bars, restaurants and other businesses required to close by regulations.
- £2,000 for those with RVs up to £51,000.
- £3,000 for those with RVs over £51,001.
- Grants to be distributed by Local Authority.
- Grants to cover 16-day closure period.
- Should be distributable in around one week.

Applications for the 16-day restriction support are now open. This provides grants of £3,000 or £2,000 for premises forced to close in the central belt. It also allows businesses not closed but impacted by restrictions to apply for a grant of up to £1,500. Information is available [here](#) but applications should be made to the relevant local authority.

Employment Support

- £9 million fund to help with costs of re-furloughing staff.
- Support with 20% contribution required.
- Exact details still to be confirmed.

Discretionary / Hardship Fund

- Grants of up to £1,500 for businesses which can remain open but directly impacted.
- Includes supply chain members.
- Exact details still to be confirmed.

Other

- Extending scope of mandatory face coverings in indoor venues, including corridors
- Shops to return to 2m distancing and one-way systems

The Scottish Government also published this [evidence paper](#), with paragraphs 34-40 covering hospitality.

Mandatory face coverings for customers and staff

It is also mandatory for all staff to wear face coverings. Customers will also be mandated to wear face coverings when moving around premises (entering, exiting, using facilities etc.) but not whilst sat down. There are exemptions for weddings, funerals etc., with the limit for those remaining at 20.

Launch of Protect Scotland App

Scottish Government has also launched the free Protect Scotland App from NHS Scotland's Test and Protect. This is now available to download at protect.scot and via the [App Store](#) and [Google Play](#).

The collection of customer details (track and trace) would be put on a statutory footing from the 14th of August. This means that rather than being expected to collect details, pubs and other hospitality outlets will be LEGALLY required to do so.

The updated guidance has also been published and should be implemented in all premises in Scotland.

The regulations mean that all *restaurants, cafes, bars, public houses and hotels* must take measures to:

- a) obtain and record visitor information,

This means:

- The name and telephone number of one member of each household visiting the premises
- The date of their visit and arrival time together
- A note of the number of any members of that person's household visiting the premises at the same time

- b) record visitor information in a filing system suitable for recording, storing and retrieving such information,

- c) retain visitor information for a period of at least 21 days from the date on which the visit occurred.

There is also a requirement to *provide visitor information to a public health officer, as soon as reasonably practicable but in any event within 24 hours, if so requested by the public health officer.*
